## **Rally to Preserve the Second Amendment in California !!!**

**Monday June 15<sup>th</sup>**

### **State Capitol in Sacramento**

GOC is sponsoring a Pro-gun Rally at the Sacramento State Capitol - June 15th at 9:00 in the morning.

As you know, the amount of anti-gun bills submitted this year is staggering! **Our rights are being threatened by attempts to REGISTER AMMUNITON..... BAN GUN SHOWS.....and REGISTER MAGAZINES.** Anti-gun politicians are working feverously to pass these into law and this could happen at any time !

Our Pro-Gun Rally is your chance to be vocal and in the face of the legislators who are against you as a lawful citizen....Those whose hostile agenda is ultimately designed to remove all guns from your possession. Pass on the word to everyone you know about this rally.....And more importantly, come and join us in person so we can meet with legislators and stop these bills.

The anti-gunners in California are determined to ruin us. GOC wants to make YOU a critical part in our plans to stop these bills. Here is how you can help .....
