

GS2AC GRAND PRIZE WINNER ANNOUNCED !!!

The GS2AC closed out 2009 with a meeting to remember and all those who were not able to attend really missed out on a great evening that started with an open bar offering free wine and beer.

Our featured guest speaker, Gene Hoffman, Chairman of the Cal Guns Foundation unfortunately was not able to attend. However, in his place we were blessed with the man who started the off list lower movement in California, Bill Wiess. Bill is Vice Chair and a founding member of the Cal Guns Foundation. You just have to love someone who takes the rules anti-gunners create and uses them to stick a sharp stick in the eye of government.

Don Kilmer, attorney for the Nordyke v King gunshow cases was also on hand to brief the audience regarding the status of McDonald v City of Chicago which is soon to be heard before the US Supreme Court. The members of the GS2AC overwhelmingly supported the motion to provide \$1,000 in funding to support Kilmer's amicus brief in McDonald v City Chicago.

Our first winner of the evening was Lu Pettack who was given a Lifetime Service Award for his many years in support of the GS2AC. Lu's bold advocacy over these many years since our founding has been a tremendous factor in the increase of our membership.

The winner of the 2009 Presidential Service Award was Mike Varner. A founding member of the GS2AC Mike has consistently donated his time and talents in support of the GS2AC. In the words of President Mark Towber, "The fact of the matter is that without Mike Varner, the GS2AC would never have even been born. "

Then came the winners of the bucket prize drawing. Prize winners took home 17 different items including a BSA rifle scope, a dual burner camp stove, binoculars, a Daiwa fresh water fishing rod and reel combo, a \$50 Load X ammo certificate, and a deluxe smoked salmon and chardonnay picnic basket to name just a few.

But the big winner of the evening was the couple that took home our grand prize of the evening, the Browning A Bolt hunting rifle with matching reloading kit, die and reloading manual. Jeff Stanley, owner of Bad Boys Bail Bonds and donor of the rifle was on hand to select the winner. As the ticket number was slowly revealed, fewer and fewer people remained in the contest.

And when the final digit was read, Edie and Matt Niehous found themselves the big winners of the evening with ticket number 586653.

Congratulations Edie and Matt !

And many thanks to everyone who made 2009 a fantastic year for the GS2AC !!!
